

2024 CLUB Jr ULTIMATE DREAM CUP~MIXED DIV.~

Tournament Rules

Tournament format

Women's Division : Preliminary bracket A-G >>> Championship/consolation bracket N-N

- 7 vs 7 Ultimate Game

- Gender ratio by the "end zone" decide rule.

Four female players and three male players, or three female players and four male players should be on the field.

At the start of the game, after the first disc flip, an additional disc flip happens with the winner selecting the personnel ratio for the first point. For the second and third points the ratio must be the reverse of the first point. For the fourth and fifth points the ratio must be the same as the first point. This pattern of alternating the ratio every two points repeats until the end of the game (half time has no impact on the pattern).

If teams lose players by injuries or some other reasons and have only three male or female players, they can play the game under the agreement of the other team. However, they will have to forfeit if they have only two male or female players.
